

What happened to those left behind?

Welcome to Year 2!

This term your child will travel back in time to the home front of World War 2. They will be exploring what it was like to live in Britain during such turbulent times, especially as a child. They will take part in role play scenarios such as air raids and evacuations.

Science:

Materials. Your child will look at an array of natural and man made materials and their properties. We will also be looking at how they are used in day to day life and will be solving various scientific investigations! We will move on to looking at how materials can be manipulated to change size, shape and strength.

RE

Throughout the Autumn term your child will learn all about Christianity, Diwali and Christmas.

Music

In music we will learn all about the history of the marching band which came to prominence during the war. Your child will also use Garage Band to compose a piece of music to accompany a film.

Art and Design Technology

Throughout the term we will learn about different aspects of the war through art and design. In design technology your child will cook a World War II recipe whilst in art your child will practise their weaving, clay modelling, sketching and painting skills.

PE

Children will have PE lessons on Friday with the sport coaches and Thursday during creative sessions.

You can help by:

Ensuring your child brings their book bag to school everyday.

Supporting your child with their reading and by listening to them on a regular basis.

Signing your child's reading record. This will be rewarded with a bookmark sticker and house point.

Children who have not read for 2 consecutive weeks will lose their playtime until the book is signed.

Checking that all items worn and taken to school are clearly named, this will help when finding misplaced items.

Helping your child with their homework projects.

Ensuring that P.E kits are kept in school. They will be returned at half term.
