How to Create a Post on a Purple Mash Blog

1. When you have logged on click the Sharing Icon

Sharing

2. This 'Menu' will appear... click 'Shared Blogs'.

3. You will then see a list of blogs... click the one that you want to post to.

4. You will see the title page for the blog. To create a post click the + button

5. You will then get this screen. Give your post a short, catchy title; add a description then type your message in the large box.
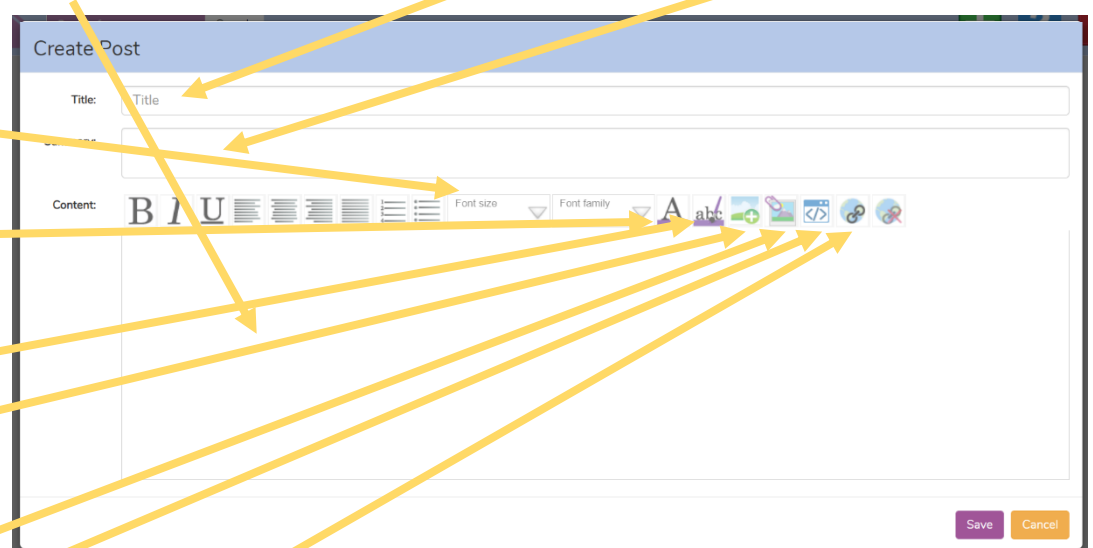

You can...

Change the font

Change the font colour

Change the background colour

Add a picture
