

This term we will be travelling back in time to 1837 when Queen Victoria was on the throne. We will be learning about Victorian life with a focus on the inventions that made an impact on society and the life we live today. You may like to research Victorians so your child has some understanding as we start the topic.

Children will continue to take part in RML and continued practise will help them prepare for their Year 1 Phonics Screening in June, we have included a sound chart. If you need any ideas on how to practise the sounds with your child please ask Mrs Purchase or Miss Rafferty. A weekly spelling test will take place on Thursday.

In Maths children will continue to cover a variety of topics. Continued practise of number bonds and facts will help your child greatly and we are also learning the 2, 5 and 10 times tables.

Fun games can be found on <https://www.topmarks.co.uk/maths-games> to aid their learning. Symphony Maths and MyMaths activities will continue to be set.

In Science children will be learning about different types of Materials and Light and Dark. We will also be out and about looking for signs of Seasonal change.

Please remember to:  
Send a complete, labelled, PE kit which will stay in school.  
Read with your child and ensure their reading record is signed each week.  
Parents Evening:  
22nd and 23rd January 2019

*Happy New Year!*
