# What is Evidence Me?

- ▶ Evidence Me is an APP that is used to capture your child's learning journey.
- ▶ Each child has their own profile within the APP. Staff capture experiences in school that represent each child's individual learning progress.

# Parent Share

- ▶ You need to download the 2Simple Evidence Me APP onto your phone or device.
- ▶ Every half term we are going to share two of your child's observations with you.
- ▶ This will give you an insight into what they are getting up to at school.
- ▶ You are also able to share observations of your child's learning and experiences from home with their teacher.
- ▶ We hope that you enjoy receiving your child's learning experiences and look forward to hearing your feedback in the future.

# Signing Up

- ▶ We are going to sign you up automatically using the email address that you have already provided us with.
- ▶ You will only need to download the APP and then the observations will be sent through to you.
- ▶ If you have any issues, please do let us know.
